New York City College Technology (Expected Spring 2026)

- Bachelor of Technology Computer Systems Technology
- Relevant Coursework: Operating Systems, Network Fundamentals, Cybersecurity,

Year Up United (September 2023-July 2024)

- Software Development Certificate: Full Stack Development

Borough of Manhattan Community College (September 2019-Graduated June 2022)

- A.A.S Computer Information Systems Degree
-

Experience

Fox News

Manhattan, NY

Help Desk Intern

September 2025-November 2025

- Imaged 20+ laptops daily using standardized OS deployment tools, configuring CrowdStrike and MFA to ensure secure, newsroom-ready devices for staff.
- Resolved 15–20+ hardware, software, and account issues per day through ServiceNow, documenting ticket activity to maintain accurate incident records and support faster troubleshooting.
- Set up A/V equipment projectors, cameras, mics, and conferencing systems using company broadcasting tools, supporting daily meetings and live newsroom operations.

Tempo Glass Foundation LLC

Flushing, NY

IT Intern

June 2025-Aug2025

- Tested and tuned AI chatbots using Azure OpenAI, processing hundreds of prompt variations weekly to improve response accuracy and consistency.
 - Built automated workflows in Power Automate, integrating Power Apps and SharePoint to handle defect reports and email notifications, reducing manual submission steps for users.
 - Developed business tools using JavaScript, HTML, CSS, and Power Apps, updating application features weekly to streamline data entry and internal processes.
-

Projects

Social Engineering Tool Kit (Linux, SET) [Link](#)

- Configured and deployed a credential harvesting mock website using the Social-Engineer Toolkit (SET) on a Kali Linux environment.
 - Captured test credentials using SET logging tools to demonstrate exploitation techniques safely for educational cybersecurity analysis.
-

Certifications

Google Coursera Data Analytics | Google Coursera BI | Year Up Software Development Certificate | Year Up CIS 301 Software Testing | Year Up CIS 101 Computer Applications | Code Path Cybersecurity | Code Path Intermediate Cyber Security | New York Job Council Gen AI Workshop |
