Education

COOP Careers - NYU Data Analytics Fellowship *New York, NY*
Expected November 2026

- Participate in a 16-week Data Analytics Fellowship, developing hands-on skills in data cleaning, transformation, analysis, and visualization using SQL, Python, Tableau and Machine Learning.

New York City College of Technology CUNY *Brooklyn, NY*
Bachelor of Technology in Computer Systems Technology *May 2026*

Year Up - Software Development *New York, NY*
Year Up Software Development Certification *June 2024*

Borough of Manhattan Community College (CUNY) *New York, NY*
Associate of Applied Science in Computer Information Systems *June 2022*

Technical Skills & Certifications

- **Certifications**: Google Data Analytics Professional Certificate (Coursera), Google Business Intelligence Professional Certificate (Coursera), Google AI Professional Certificate (Coursera)
- **AI & Generative AI:** OpenAI API, Azure OpenAI, Azure Cognitive Search, Google Vertex AI, Claude, Gemini, Glean, OpenAI Codex, Retrieval-Augmented Generation (RAG), Prompt Engineering
- **Programming & Development:** Python, SQL, JavaScript, HTML/CSS, Git/GitHub
- **AI Applications & Data Retrieval:** AI Chatbots, Semantic Search, SQL-Based Retrieval, AI-Assisted Ticket Triage, Vector Embedding
- **Automation & Platforms:** Power Automate, Power Apps, SharePoint, ServiceNow, Microsoft 365, Jira

Projects

NBA RAG Chatbot | Python, OpenAI API, RAG, Vector Embeddings *May 2026*

- Developed a Python-based AI chatbot using Retrieval-Augmented Generation (RAG) and OpenAI APIs to answer natural-language questions about NBA players and statistics.
- Implemented vector embeddings and semantic similarity search to retrieve relevant player records from structured JSON data and provide context to the language model.
- Added embedding caching and benchmarking scripts to reduce repeated API calls and measure retrieval and response performance.

Work Experience

Universal Music Group **Manhattan, NY**
Tech Support Intern *June 2026 – August 2026*

- Developed a ServiceNow AI ticket-triage tool as a final project to support incident classification and technical troubleshooting workflows.
- Built AI-assisted tools for root-cause summaries and cybersecurity support using Glean, Google Vertex AI, and Gemini, with Codex coding assistance.
- Managed ServiceNow incidents, documented technical issues, and supported enterprise troubleshooting workflows.

Tempco Glass Fabrication LLC **Flushing, NY**
IT Intern *June 2025 – Aug 2025*

- Developed an Azure OpenAI chatbot using SQL-based retrieval to answer glass-pricing and inventory questions.
- Refined chatbot prompts and retrieval workflows through iterative testing to improve response relevance.
- Built automated workflows and internal applications using Power Automate, Power Apps, SharePoint, JavaScript, HTML, and CSS.
