Education

COOP Careers - NYU Data Analytics Fellowship *New York, NY*
Expected November 2026

- Participate in a 16-week Data Analytics Fellowship, developing hands-on skills in data cleaning, transformation, analysis, and visualization using SQL, Python, and Tableau.

New York City College of Technology CUNY *Brooklyn, NY*
Bachelor of Technology in Computer Systems Technology *May 2026*

- Relevant Coursework: Statistics, Database Administration, NOSQL, Project Management, Data Visualization, Data Warehouse

Year Up - Software Development *New York, NY*
Year Up Software Development Certification *June 2024*

Borough of Manhattan Community College (CUNY) *New York, NY*
Associate of Applied Science in Computer Information Systems *June 2022*

Technical Skills & Certifications

- **Certifications**: Google Data Analytics Professional Certificate (Coursera), Google Business Intelligence Professional Certificate (Coursera), Google AI Professional Certificate (Coursera)
- **Technical Skills:** Python (pandas, Matplotlib), SQL, MySQL, Oracle, Azure SQL, SQL Server, MS Access, BigQuery, NoSQL, JSON, SSIS, SSAS, ETL, Data Warehousing, Excel (VLOOKUP, SUMIFS, PivotTables), Tableau, Power BI, Google Vertex AI, Codex, Glean, Azure OpenAI, OpenAI API, RAG, Power Automate, SharePoint, ServiceNow, Microsoft Office, Google Workspace, HTML/CSS/JavaScript

Projects

Video Game Sales Data Warehouse | SQL Server, SSIS, SSAS, Excel July 2026

- Designed a star schema for 8,920+ video game sales records to support reporting and analysis.
- Used SSIS to load and transform data in SQL Server, then built an SSAS cube for multidimensional analysis.
- Created Excel PivotTables and charts to summarize video game sales and show key trends.

Google Data Analytics Capstone | LeBron James Analysis | BigQuery, Tableau, Excel *October 2024*

- Queried BigQuery to compare LeBron James' season-by-season statistics, identifying changes in points, assists, rebounds, and overall performance throughout his career.
- Cleaned and organized basketball data in Excel and BigQuery to compare performance metrics across seasons and career stages.
- Built Tableau dashboards to visualize his statistics and make performance trends easier to compare.

Work Experience

Universal Music Group **Manhattan, NY**
Tech Support Intern *June 2026 – August 2026*

- Reviewed 20+ ServiceNow incidents daily to identify recurring issues and trends, helping improve ticket tracking and support workflows.
- Built a ServiceNow AI ticket-triage tool as my final project, plus AI tools for root-cause summaries and cybersecurity support using Glean, Vertex AI, and Gemini, with Codex coding assistance.
- Worked directly with technical and non-technical employees to understand their needs, solve technology issues, and clearly communicate solutions.

Tempco Glass Fabrication LLC **Flushing, NY**
IT Intern *June 2025 – Aug 2025*

- Tested an Azure OpenAI chatbot connected to SQL pricing and inventory data, reviewing responses and refining retrieval for pricing questions.
- Used SQL to retrieve and analyze pricing and inventory data, and automated reporting workflows with Power Apps, Power Automate, and SharePoint.
- Collaborated with team members to identify business needs, resolve data issues, and improve pricing and reporting processes.
